

**SILICON SOLAR**

INNOVATIVE SOLAR SOLUTIONS™

**AutoSol**

# Maintainers & Trickle Chargers

## **PLUG N PLAY SETUP**

Pre-Wired With Simple Plug In Connectors

## **DURABLE & RELIABLE**

Tough, Weatherproof Construction And Connections

## **OVERCAST EFFICIENCY**

Amorphous Technology Provides Low-Light Power

## **VERSATILITY**

For Cars, Boats, Trucks, RVs And Other Vehicles

## The AutoSol ThinFilm Maintainer Series

Our AutoSol ThinFilm solar battery maintainers and trickle chargers are a simple, affordable solution to your 12V automotive and marine battery preservation needs. The solar panels mount quickly to your dashboard / wind shield and you connect directly to your battery with the included alligator clamps or through your cigarette lighter. They also work in low-light / cloudy conditions.

### Product Features

- High-Efficiency Amorphous ThinFilm Solar Panels
- Blocking Diode Protects Against Overcharge
- Durable ABS Plastic Solar Panel Frame
- Works In Sunny / Cloudy Conditions
- Maintain & Trickle Charge Any 12V Battery
- Includes Alligator Clamps & Cigarette Lighter Adapter

### Product Specifications

	<b>AutoSol-Maintainer- ThinFilm-12V1_2W</b>	<b>AutoSol-Maintainer- ThinFilm-12V2_4W</b>	<b>AutoSol-Maintainer- ThinFilm-12V5_5W</b>
Applications	Auto / Marine	Auto / Marine	Auto / Marine
Charger Type	Maintainer	Maintainer	Trickle Charger
Wattage	1.2W	2.4W	5.5W
Voltage	15.4V	15.4V	15.4V
Amperage	100 mA	200 mA	458 mA
Charges / Maintains	12V Batteries	12V Batteries	12V Batteries
Panel Type	ThinFilm / Amorphous	ThinFilm / Amorphous	ThinFilm / Amorphous
Dimensions	16 1/8" x 6"	13 5/8" x 8 1/2"	16 1/8" x 13 1/4"
Weight	3 Lbs	3 Lbs	4 Lbs
Cord Length	9.5'	8'	9.5'
Controller	Blocking Diode	Blocking Diode	Blocking Diode
Charging Indicator	Blinking LED	Blinking LED	Blinking LED
Connectors Included	Alligator Clamps / Cig Lighter	Alligator Clamps / Cig Lighter	Alligator Clamps / Cig Lighter
