The AquaJet 12-24V Custom Solar Pumps

The AquaJet series of solar fountain pumps are the ideal DIY solar pumps on the market. Perfect for a number of applications including solar fountains, waterfalls, small pond aeration and other backyard and garden water features. Our AquaJet solar pumps are available in 6-9V and 12-24V models, and come in two kits; one with just the solar panel and pump and a second with a battery.

Product Features

- High-Performance 12-24V Submersible Solar Pump
- Max 850 GPH Water Flow Rate / Max 6.9' Water Lift
- Fresh & Salt Water Capable
- High-Efficiency 50W Crystalline Solar Panel
